SATURDAY NOVEMBER 5. 1743.

Extract of a Private Letter from a French *Officer at* Briancon, *dated* October 20, 1743.

'YOU have been already inform-
'ed, that the Brigade of An-
'jou suffered excessively in
'the Attacks of the 7th and
'8th Instant; the Loss of o-
'ther Corps was but trifling
'in proportion, except that
'of the Swiss Regiment of
'Courten, which formed the
'Rear Guard, and was dread-
fully mauled in the Retreat. I saw them the next Morning, and dare assure you, that I do not exaggerate, when I say that half of them were lost. We know nothing positively as to the Loss of the Spaniards, yet are certain that it must have been much more considerable than ours, because of the prodigious Desertion. The unexpected fall of Snow rendred our Retreat extremely difficult, and almost impracticable. We were obliged to leave behind us some Pieces of Cannon, which were spiked and spoiled, a good deal of Baggage, and a great many Mules, which were carried off by the Barbets. We are extremely curious to see what will become of the King of Sardinia, and the Troops he has marched into the Passes of Chateau Dauphin. The Mountains and Defiles are covered over with Snow, four or five Foot deep at the least, through which he must force his Way against this natural Fortification, and not without much Danger. Such as are best acquainted with the Country, are of Opinion that out of 20,000 Men, of which his Army consists, he will not be able to carry back 16,000 into Piedmont.'

AMERICA.

Continuation of the Letter from a Gentleman in Surinam, *to his Friend in* New York.

We got a-ground, and lay there that Night; next Day we got a-float again, and stood down along, and got but little Way before we got a-ground again, and lay there all that Night. Next Morning came the Boatswain wiah three Crafts, viz. two Canoes, and our Boat, to take us, which they did accoreingly; but one of our Portuguese Villains jumped over-board, and swam a-shore: The other two were made Prisoners, and bound, and we relieved, (Thanks be to God for our safe Deliverance) from the Hands of our Enemies.

By the pretended Captain, Ferdinando Coast, when he was taken Prisoner, was found a Bag of Gold, containing 42 l. and a Silver-Watch tied about his Private Parts. The other being search'd, was found with seven Pieces of Gold in his Pocket. We then sent a Search for the Negro that jumped over-board, but could not find him; we then brought up the Vessel, and came to an Anchor near the Gentleman's House. Soon after we got a Passage up to Surinam, and delivered our two Prisoners to the Care of the Governor, who ordered them to well be secured.

We since hear, that the Negro that made his Escape is taken by the Indians, and expect him daily. We are dressed duly every Day at the Hospital, and our Wounds at heal bravely; so that, in a short time, we hope to be Barbados again, to acquaint our Owners of this melancholy Affair.

William Blake, Mate.
John Shaw, Boatswain.

P. S. Since our last we have Advice from Surinam, that the Portuguese Villain concerned in the Murder of Capt. Ledain, Capt. Jackson, &c. who swam a-shore, and made his Escape, as mention'd in our last, was discover'd by some Indians in the Woods; and upon going to seize him, he was so desperate as to pull out his Knife, and, by stabbing himself, endeavour'd to put an End to his own Life. The Indians seeing him so obstinate, did the Business effectually, by severing his Head from his Body. The Trial of the other two was not come on.

Boston, August 15. We hear from Wallingsford, in Connecticut, That on Monday the 1st Instant, in the Evening, they had a violent Thunder-Shower, and that the Lightning struck the Steeple of the Meeting-House, and shatter'd it in a terrible Manner, as also the Tower under it, quite down to the Foundation. This Steeple was struck by Lightning about Four Years ago.

To be LETT,

At Kennet, *near* Celbury Hill, *Four Miles from* Marlborough, *in the Road to* Bath *and* Bristol,

A Gentleman's House, very Commodious for an INN and TAVERN, a joining to the Roads, with or without a Farm House and Farm, which consists of about 120 Acres of Down, 27 Acres of Water Meadow, 7 Acres of Dry Meadow, and 200 Acres of Arable, which lie between the Down and Meadows. The Lands are all inclosed, and lie as near together as Lands can lie. No Part of them did ever rot. The Rent of the Farm will be about 140 l. a Year.

In the House and Farm-House there are Four Cellars, four very good Parlours, and a very large Kitchen, and several Outhouses; Twelve Rooms up one Pair of Stairs, and very good Garrets over all of them; Four Gardens with Ponds, and the River Kennet runs at the Bottom thereof; a large Orchard and Five Nurseries, in which are several Thousand Fruit Trees.

In the Grounds adjoining to the House and Highway, there are several Double Rows of Trees, and Three large Arbours next to the Road.

All the Down is divided by Elms into Four Squares.

It will be Lett upon very Reasonable Terms, Furnished, or Unfurnished, and for a long or a short Term.

No Wine is now sold on the Road between Sandy-Lane and Marlborough, *which is Seventeen Miles distant.*

Coachmen can drive from Reading to Kennet in less Time, and with more Ease to their Horses, than they can drive from Kennet to Bath, by reason of the rough Roads, heavy Sands and high stony Hills; therefore Kennet seems to be the most proper Place for a Three Days Stage.

Enquire of Mr. *Smith* of *Kennet*, who will give all proper Encouragement to a good Tenant.

The so-much Fam'd HYPO-DROPS.

WHich in a few Days infallibly cure HYPOCHONDRIACK MELANCHOLY in MEN, and the VAPOURS in WOMEN, so as never to return again, be they ever so severe, or of many Years standing, and even after all other Remedies have prov'd ineffectual: and that by immediately striking at the very Root or true Cause, as well as remedying the Effects, of those perplexing Maladies and all their Variety of Symptoms, by which they mimick, by Turns, almost all the Diseases poor Mortals are afflicted with, and have their Rise from a depraved Appetite, vicious Ferment in the Stomach, and Indigestion of Food, whence proceed Crudities and flatulent or windy Disorders in the first Passages, ill Fumes, sour Belchings, Cholick, and Uneasiness in the Bowels; which Crudities, offend the Nerves, and, by Consent of Parts, affect the Head, and produce sometimes Giddiness, Dimness of Sight, confused Thoughts, pertinacious Watchings, troublesome Sleep, Frights, groundless Fears, and the deepest Melancholy, with direful Views and terrible Apprehensions; at other times, Fits, Flushing Heats, Reachings, Faintness, Lowness and Sinking of Spirits, Palpitation of the Heart, Startings, Tremblings, and Twitchings in the Limbs and other Parts, with many convulsive Disorders, sharp Pains, fix'd or wandering Pain and Weakness in the Back, and other, almost innumerable and grievous, Symptoms, which miserably afflict vast Numbers of both Sexes.

All which Symptoms, in their sharpest Paroxysms, these so much fam'd and most pleasant Drops, (which are Chymically prepar'd from the most valuable Specifics in the Mineral, Vegetable, and Animal Kingdoms, and exalted to the highest Degree of Perfection possible) instantly quell, and at the same time annihilate their real Cause, directly bringing the Stomach nto right Order, creating a good Appetite, rectifying the Digestion, occasioning laudable Chyle, and, of course, good Blood, Plenty of calm, free, and chearful Spirits, a regular Circulation of all the Fluids, and Strength of Nerves; so that both Cause and Effects of Melancholy and Vapours are thoroughly removed by them, almost on the Spot, as the many Thousands of both Sexes they have perfectly cured evince.

Whoever takes them for 3 Days only, will be sensible they are absolutely to be depended upon for an effectual and lasting Cure, and certain it is, that no Medicine upon Earth can equal them; be careful therefore to have the right Drops, which are to be had only at Mrs. Holt's, at the Cross-Keys and Star in Cornhill, below the Royal Exchange, at 3 s. 6 d. a Bottle with printed Directions at large.
